

## CMC Project Manager

Y-mAbs Therapeutics is expanding the product pipeline and is increasing the number of projects going into clinical trials.

We are therefore looking for a new CMC Project Manager to join our team of 5 CMC Project Managers within CMC Development.

As a CMC Project Manager you will be responsible for one or two CMC development programs, and when needed - also support other development programs and commercial products.

At Y-mAbs all our product related activities are out-sourced to CROs and CMOs, and experience with management of external stakeholders are therefore critical for this position. The main part of the products in our product pipeline is biotechnology based and strong experience within manufacturing, control and regulations of biotech product is required.

Our CMC Project Managers are responsible for all CMC related tasks in the project - from first identification of CROs and CMOs and all the way through submission of clinical trial application and eventually filing of BLA/MAA.

It is important that our new colleague is self-driven and can adapt quickly in a small and agile organization where strategic decision is quickly implemented.

The CMC Project Manager is presenting CMC in the Project Core Teams and abilities to communicate precisely and facilitate a good interdisciplinary collaboration is important for success in this position.

Preferred qualifications:

- Several years' experience in managing CMC activities out-sourced to biotechnology based CROs and CMOs
- Strategic mindset with focus on the overall goal while keeping an eye on the details
- Collaborate with internal and external key stakeholder by keeping the task in focus
- Strong knowledge in biotechnology manufacturing
- Strong knowledge within regulatory CMC requirement for clinical trial applications
- Good knowledge about GMP requirement for biotechnology drug substances and drug products

For more details about the job or our company, please contact Tore Søderblom, Senior Director, CMC Development on +45 5388 0988. Please note that all applications must be submitted in English and will be treated confidentially.

You can apply for the position by sending an email to [HR@ymabs.com](mailto:HR@ymabs.com) no later than 14<sup>th</sup> November 2021. Please mark your application with **Job ID no. 1063**. We will initiate interviews in a rolling manner as applications are received.

Y-mAbs Therapeutics A/S is a Danish affiliate of Y-mAbs Therapeutics Inc., which is located in Hørsholm, Denmark. Our mission is to discover, develop and deliver novel antibody therapeutics for the treatment of both pediatric and adult cancer patients.
